Media guide

Experts on forests, climate change and REDD+

Available for interview

Peter Holmgren
Director General

English, Swedish

Contact
Imogen Badgery-Parker
i.badgery-parker@cgiar.org

Forestry • Climate-smart agriculture • Landscape approach • Sustainable development • Forest monitoring and assessment

Available to comment on synergies and trade-offs between forests, agricultural productivity and climate change mitigation and adaptation

Louis Verchot
Research Director, Forests and Environment

l.verchot@cgiar.org
English, French, Portuguese

Leads research on forests and climate change mitigation • Measurement, reporting and verification (MRV) of carbon stocks • Mangroves & peatlands

Available to comment on forests in the UN climate change negotiations

Christopher Martius
Principal Scientist
(Climate Change)

c.martius@cgiar.org
English, German, Portuguese, Spanish

Climate change mitigation and adaptation • Forest ecology biodiversity • Ecosystem services

Coordinates the Global Comparative Study on REDD+

Maria Brockhaus
Senior Scientist

m.brockhaus@cgiar.org
English, French, German

Leads research on national REDD+ policies • Policy networks • REDD+ and media discourses • Institutional change

William Sunderlin
Principal Scientist

w.sunderlin@cgiar.org
English, Indonesian

Leads research on REDD+ subnational initiatives • Tenure and rights • Poverty and livelihoods

Anne Larson
Principal Scientist

a.larson@cgiar.org
English, French, Spanish

Leads research on multilevel governance for REDD+ • Decentralization • Tenure rights • Gender equity

Daniel Murdiyoso
Principal Scientist

d.murdiyoso@cgiar.org
English, Indonesian

Mangroves and peatlands • Carbon accounting • Forest policy in Indonesia

Mary Menton
Senior Associate

m.menton@cgiar.org
English, Spanish, Portuguese

REDD+ in Peru (politics, MRV) • Smallholder and community forest management • Forest governance in Amazonia • Participatory monitoring

Amy Duchelle
Scientist

a.duchelle@cgiar.org
English, Portuguese, Spanish

Subnational REDD+ initiatives • REDD+ safeguards • Smallholder livelihoods • Multiple use forestry • Climate change adaptation and mitigation

Kristell Hergoualch
Scientist

k.hergoualch@cgiar.org
English, French, Indonesian, Italian, Spanish

Greenhouse gas fluxes • Forests for climate change mitigation • Peatlands in Peru

Bruno Locatelli
Seconded Scientist

b.locatelli@cgiar.org
English, French, Spanish

Leads research on links between climate change adaptation and mitigation • Ecosystem services and adaptation to climate change

Bimbika Basnett
Scientist/Gender Coordinator

b.basnett@cgiar.org
English

Gender and REDD+ safeguards • Gender • Large-scale land investments and green economy • Gender and migration

Ashwin Ravikumar
Post Doctoral Fellow

ashwin.r@cgiar.org
English, Spanish

Multilevel governance and REDD+ • Decentralization • Property rights • Subnational REDD+ policies

Experts on landscapes, forest management & ecosystem services

Available for interview

Peter Holmgren
Director General

English, Swedish

Contact

Imogen Badgery-Parker
i.badgery-parker@cgiar.org

Forestry • Climate-smart agriculture • Landscape approach • Sustainable development • Forest monitoring and assessment

Available to comment on synergies and trade-offs between forests, agricultural productivity and climate change mitigation and adaptation

Robert Nasi
Deputy Director General

r.nasi@cgiar.org

English, French

Ecology and management of tropical forests • Bushmeat (& Ebola) • Gender • Production forests • Forests in Africa

Manuel Guariguata
Principal Scientist

m.guariguata@cgiar.org

English, Spanish

Leads research on management and conservation of forests and trees • Multiple use forest management • Ecosystem services • Silviculture • Reforestation and forest restoration • Forestry and climate change

Sven Wunder
Principal Scientist

s.wunder@cgiar.org

Danish, English, French, German, Indonesian, Portuguese, Spanish

Payments for ecosystem services • Biodiversity conservation • Livelihoods • Landscape management for environmental services

Terry Sunderland
Principal Scientist

t.sunderland@cgiar.org

English

Conservation/development trade-offs • Food security and nutrition

Peter Cronkleton
Senior Scientist

p.cronkleton@cgiar.org

English, Portuguese, Spanish

Smallholder production systems and markets • Impacts of trade and investment on forests and people

Miguel Pinedo-Vasquez
Scientist

m.vasquez@cgiar.org

English, Spanish, Portuguese

Management and conservation of forests and trees • Landscape management • Biodiversity conservation • Livelihoods

For interviews with CIFOR experts, please contact:

Imogen Badgery-Parker

Outreach Manager

i.badgery-parker@cgiar.org

English

Mobile: +51 989 559 681

Martha Cuba

Communications Coordinator, Latin America

m.cubacronkleton@cgiar.org

English, Spanish, Portuguese

Mobile: +51 958 791 838

Center for International Forestry Research (CIFOR)

CIFOR advances human well-being, environmental conservation and equity by conducting research to help shape policies and practices that affect forests in developing countries. CIFOR is a member of the CGIAR Consortium. Our headquarters are in Bogor, Indonesia, with offices in Asia, Africa and Latin America.
