Lima

AGENDA

6-7 December 2014
Lima, Peru

Sustainable landscapes for a new climate and development agenda – A vision beyond 2015

Welcome to the 2014 Global Landscapes Forum.

For detailed descriptions of sessions and lists of speakers, please visit www.landscapes.org on your laptop or mobile device, and support our efforts to reduce the use of paper.

To share ideas and meet like-minded people, visit our thematic pavilions:

- Family Farmers in Living Landscapes
- Food Security, Livelihoods & Poverty Reduction
- Green Economy & Sustainable Investments
- Technology & Innovation
- Climate Change Mitigation & Adaptation
- Indigenous Peoples
- Gender

All day	Thematic Pavilions and Landscapes Laboratory			
07:30 - 08:45	Registration and welcome coffee Location: 3rd Floor Registration Area			
08:30 - 12:30	Side event: Building new alliances for sustainability in tropical states and provinces Governors’ Climate & Forests Task Force, supported by NORAD, USAID, US Department of State Room: Limatambo 1 & 2			
08:30 - 12:30	Side event: Youth session Room: Limatambo 3			
08:45 - 12:15	Side event: Civil society platform			
08:45 - 10:15	Civil society sessions			
	1.1. The Africa Climate-Smart Agriculture Alliance – a unique partnership and systemic approach to food insecurity and climate change in Africa World Vision International Room: Cusco Salon 2	1.2. REDD+ as a means to achieve green development in Peru’s Madre de Dios region Regional Government of Madre de Dios, World Wide Fund for Nature (WWF), Peru Country Office Room: Cusco Salon 3	1.3. How indigenous peoples use landscapes approaches to conserve forests: Good practices and challenges for food security and livelihoods Asia Indigenous Peoples Pact (AIPP) Room: Urubamba	1.4. Contrasting Intended Nationally Determined Contributions (INDCs) and international financing for climate change in Latin America Derecho, Ambiente y Recursos Naturales (DAR), Ford Foundation Room: Limatambo 4 & 5
10:15 - 10:45	Coffee break			
10:45 - 12:15	Civil society sessions			
	2.1. Assessment of options for land use in a post-2020 world Environmental Defense Fund (EDF) Room: Cusco Salon 2	2.2. How international finance and socio-environmental standards in infrastructure projects in Latin America impact Amazon rainforests FUNDAR, Centro de Análisis e Investigación (Mexico), Fundación para el Desarrollo de Políticas Sustentables – FUNDEPS (Argentina), Asociación Ambiente y Sociedad – AAS (Colombia) Room: Urubamba		2.3. Ensuring free, prior and informed consent (FPIC) in REDD+ Global Environmental Forum, Japan; Research Institute for Humanity and Nature, Kyoto Room: Cusco Salon 3
	2.4. Making the case for organic farming and for low external input sustainable agriculture as climate-smart landscape solutions International Federation of Organic Agriculture Movements (IFOAM), Humanist Institute for Co-operation with Developing Countries (HIVOS) Room: Limatambo 4 & 5		2.5. A rights-based approach to comprehensive land use planning The Center for International Environmental Law (CIEL), Environmental Investigation Agency (EIA) Room: Arequipa	
12:15 - 13:45	Lunch (Pavilions and Landscapes Laboratory open)			

13:45 - 15:15	High-Level Opening Plenary Room: Limatambo Ballroom (1-5)		
	<p>Negotiating landscapes for multiple benefits</p> <p>Opening Address (Coordinating Partner): Eduardo Rojas Briales, <i>Assistant Director-General, FAO</i> Opening Address (Host Country Partner): Juan Manuel Benites Ramos, <i>Minister of Agriculture, Peru</i></p> <p>Keynotes:</p> <ul style="list-style-type: none"> • Rachel Kyte, <i>Vice President, World Bank</i> • Peter Holmgren, <i>Director General, CIFOR</i> • Daniel Nepstad, <i>Executive Director, Earth Innovation Institute</i> • Victoria Tauli-Corpuz, <i>UN Special Rapporteur Indigenous Peoples' Rights</i> • Fabiola Muñoz-Dodero, <i>Executive Director, National Forest and Wildlife Service, Peru</i> <p>Moderator: Andrew Steer, <i>President, World Resources Institute</i></p>		
15:15 - 15:45	Short break		
15:45 - 17:15	Parallel Multi-Stakeholder Discussion Forums		
	<p>1.1. Securing rights as a climate change mitigation strategy</p> <p>World Resources Institute, Rights and Resources Initiative (RRI), Governance Environment and Markets Initiative at Yale University's School of Forestry and Environmental Studies (GEM)</p> <p>Room: Urubamba & Arequipa</p>	<p>1.2. Technologies and innovations to better understand changes in land use</p> <p>World Resources Institute</p> <p>Room: Limatambo 3</p>	<p>1.3. Knowledge products and tools for sustainable landscape management in a post-2015 development agenda</p> <p>International Union for Conservation of Nature (IUCN), Program on Forests (PROFOR), Center for International Forestry Research (CIFOR)</p> <p>Room: Cusco Salon 3</p>
	<p>1.4. Strengthening forest landscapes to score Sustainable Development Goals</p> <p>International Institute for Environment and Development (IIED), Center for International Forestry Research (CIFOR)</p> <p>Room: Limatambo 4 & 5</p>	<p>1.5. Climate change, supply change – the future of sustainable commodities</p> <p>Global Environment Facility (GEF)</p> <p>Room: Limatambo 1 & 2</p>	<p>1.6. Using spatial information to support decision making in national REDD+ strategies</p> <p>UNEP-World Conservation Monitoring Centre (WCMC) on behalf of the UN-REDD Programme and the REDD-PAC project, Government of Peru</p> <p>Room: Cusco Salon 2</p>
17:30 - 19:00	Parallel Multi-Stakeholder Discussion Forums		
	<p>2.1. The role of genetic diversity, traditional knowledge and restoration of native plants in climate adaptation and resilience</p> <p>International Institute for Environment and Development (IIED), Bioversity International, International Potato Center (CIP), CGIAR Research Program on Climate Change, Agriculture and Food Security (CCAFS), Asociación Andes</p> <p>Room: Urubamba & Arequipa</p>	<p>2.2. Improving livelihoods in the Andean Region: Scaling up innovations to integrate agriculture, forestry and other land uses in a changing climate</p> <p>Inter-American Institute for Cooperation on Agriculture (IICA)</p> <p>Room: Cusco Salon 3</p>	<p>2.3. Building a global alliance for resilient landscapes</p> <p>World Bank, TerraAfrica</p> <p>Room: Cusco Salon 2</p>
	<p>2.4. Gender and resilience across the landscape: Lessons from Latin America, Africa and Asia</p> <p>International Food Policy Research Institute (IFPRI), Center for International Forestry Research (CIFOR), University of Missouri, International Potato Center (CIP), Ministry of Culture, Peru</p> <p>Room: Limatambo 3</p>	<p>2.5. Integrating REDD+ and Aichi Biodiversity Targets: How to create synergies in countries' implementation</p> <p>Secretariat of the Convention on Biological Diversity (CBD), Forest Carbon, Markets and Communities (FCMC)</p> <p>Room: Limatambo 1 & 2</p>	<p>2.6. Landscapes under pressure – reconciling the needs of conservation, food security and economic development</p> <p>Gesellschaft für Internationale Zusammenarbeit (GIZ), Global Donor Platform for Rural Development, Wageningen University, International Center for Tropical Agriculture (CIAT)</p> <p>Room: Limatambo 4 & 5</p>
19:00 - 21:00	Knowledge Share-Fair: Exhibitions, networking and knowledge sharing Room: Entire 3rd and 4th Floor Foyers		

All day	Thematic Pavilions and Landscapes Laboratory	
07:30 - 09:00	Registration and welcome coffee Location: 3rd Floor Registration Area	
09:00 - 10:45	High-Level Opening Plenary Room: Limatambo Ballroom (1-5)	
	Landscapes for climate and development Opening Address (Coordinating Partner): Ibrahim Thiaw, <i>Deputy Executive Director, UNEP</i> Keynotes: <ul style="list-style-type: none"> Helen Clark, <i>UNDP Administrator</i> Paul Polman, <i>CEO Unilever</i> Yolanda Kakabadse Navarro, <i>President, WWF International</i> Antonio Herman Benjamin, <i>National High Court of Brazil</i> Maria Blanca Chancosa, <i>Confederation of People of Kichwa Nationality, Ecuador</i> (TBC) Moderator: Simran Sethi, <i>TV Journalist</i>	
10:45 - 11:15	Coffee break	
11:15 - 12:45	Parallel High-Level Dialogues	
	1. Resilience, vulnerability and climate-smart agriculture Food and Agriculture Organization of the United Nations (FAO) Speakers: <ul style="list-style-type: none"> Luis Felipe Arauz Cavallini, <i>Minister of Agriculture, Costa Rica</i> Martin Bwalya, <i>Head of the Comprehensive Africa Agriculture Development Programme, NEPAD</i> Eduardo Rojas Briales, <i>Assistant Director-General, FAO</i> Milo Stanojevich, <i>Director, CARE Peru</i> Moderator: Tony Simons, <i>Director General, World Agroforestry Centre</i> Room: Cusco Salon 2	2. Minding the research-practitioner gap: The implementation of integrated landscape approaches Center for International Forestry Research (CIFOR) Speakers: <ul style="list-style-type: none"> Joan Carling, <i>Secretary General, Asia Indigenous Peoples' Pact</i> David Cooper, <i>Director Science, Assessment and Monitoring Branch, CBD</i> Jane Feehan, <i>Natural Resources Specialist, European Investment Bank</i> Evelyn Nguleka, <i>Acting President World Farmers' Organization</i> Muriel Saragoussi, <i>Scientific Manager, Large-Scale Biosphere Atmospheric Experiment, Amazonia</i> Terry Sunderland, <i>Principal Scientist, CIFOR</i> Moderator: Mirjam Ros-Tonen, <i>Scientist, Universty of Amsterdam</i> Room: Limatambo 1 & 2
	3. Financial forces in the landscape: Can fiscal and trade policies reduce deforestation? United Nations Environment Programme (UNEP) Speakers: <ul style="list-style-type: none"> María Cristina Morales Palarea, <i>Minister of Environment, Paraguay</i> Kare Chawicha Debessa, <i>State Minister of Environment and Forestry, Ethiopia</i> (TBC) Simon Buckle, <i>Head of Climate Change, Biodiversity and Water Division, OECD</i> Pavan Sukhdev, <i>CEO of GIST and UNEP Goodwill Ambassador</i> Moderator: Tim Christophersen, <i>Senior Programme Officer Forests and Climate Change, UNEP</i> Room: Limatambo 3	4. A new climate agenda? Moving forward with adaptation-based mitigation Program on Forests (PROFOR) Speakers: <ul style="list-style-type: none"> Belete Tafere, <i>Minister of Environment and Forestry Ethiopia</i> Bianca Jagger, <i>Bianca Jagger Human Rights Foundation</i> (TBC) Mark Burrows, <i>Managing Director and Vice Chairman, Credit Suisse</i> Heru Prasetyo, <i>Head REDD+ Management Agency, Indonesia</i> Moderator: Erick Fernandes, <i>Agriculture Advisor, World Bank Group</i> Room: Limatambo 4 & 5
11:30 - 13:00	High-level launch of 20x20 initiative: Restoring landscapes across Latin America CATIE, CIAT, WRI Room: Cusco 3	
12:45 - 14:15	(Invitation only) Inter-Ministerial Dialogue: Towards a common climate agenda in agriculture and environment in Latin America IICA	
12:45 - 14:15	Lunch (Pavilions and Landscapes Laboratory open)	

14:15 - 15:45		Parallel Multi-Stakeholder Discussion Forums	
	1.1. Using climate-smart technologies to scale up climate-smart agriculture practices World Agroforestry Centre Room: Cusco Salon 3	1.2. Large-scale land restoration – creating the conditions for success CGIAR Research Program on Water, Land and Ecosystems (WLE), International Center for Tropical Agriculture (CIAT) Room: Cusco Salon 2	1.3. Factoring climate change into local development strategies: Lessons from CATIE's concept of Climate Smart Territories in Latin America, the Carribean and Africa Centro Agronómico Tropical de Investigación y Enseñanza (CATIE) Room: Urubamba & Arequipa
	1.4. Making Forest Information Systems work for REDD+ and beyond Food and Agriculture Organization of the United Nations (FAO) Room: Limatambo 3	1.5. Learning from REDD Safeguards Information Systems (SIS): Voices from research, policy and practice Center for International Forestry Research (CIFOR), REDD+ Social and Environmental Standards (REDD+ SES) Initiative Room: Limatambo 1 & 2	1.6. Advancing business engagement in a landscape approach The Ministry of Economic Affairs of The Netherlands, The Landscapes for People, Food and Nature Initiative (EcoAgriculture Partners), Rainforest Alliance, Humanist Institute for Co-operation with Developing Countries (HIVOS) Room: Limatambo 4 & 5
15:45 - 16:00 Short break			
16:00 - 17:30		Parallel Multi-Stakeholder Discussion Forums	
	2.1. New findings on the dynamics between forests, land use and food security International Union of Forest Research Organizations (IUFRO), Center for International Forestry Research (CIFOR) Room: Cusco Salon 3	2.2. Forest economics: A synthesis of valuation studies in Zambia, Tanzania and Panama UN-REDD Room: Limatambo 4 & 5	2.3. Will climate-smart agriculture help realize REDD+? Wageningen University, Norwegian University of Life Sciences (NMBU) Room: Limatambo 1 & 2
	2.4. Moving targets: Challenges and opportunities for sustainability in “frontier” landscapes Swedish International Agricultural Network Initiative (SIANI), EcoAdapt Room: Cusco Salon 2	2.5. Jurisdictional approaches to REDD+ and experiences with multi-level governance: Bringing together global data, Latin American case studies and views from the ground Center for International Forestry Research (CIFOR), Governors' Climate & Forests Task Force (GCF), The Nature Conservancy, National Forestry Commission of Mexico (CONAFOR) Room: Limatambo 3	
18:00 - 19:30 Closing Plenary Keynote: Sir David King, <i>Special Representative for Climate Change, UK</i> Room: Limatambo Ballroom (1–5)			
	Closing Dialogue I Financing sustainable landscapes Keynotes: • Stephen Rumsey, <i>Chairman of Permian Global</i> • Tião Viana, <i>Governor of the State of Acre, Brazil</i> • Raymond Landveld, <i>UNFCCC Standing Committee on Finance</i> Facilitator: Jane Feehan, <i>Natural Resources Specialist, European Investment Bank</i>	Closing Dialogue II From here to Paris: Strengthening our landscapes for climate action Keynotes: • Janusz Zaleski, <i>Deputy Director General, State Forests, Poland</i> • Manuel Pulgar-Vidal, <i>UNFCCC COP20 President and Minister of Environment, Peru</i> • Per Pharo, <i>Director, Norway's International Climate and Forests Initiative</i> • Christiana Figueres, <i>Executive Secretary UNFCCC (TBC)</i> Facilitator: Kit Batten, <i>Global Climate Change Coordinator, USAID</i>	
Closing remarks: Manoel Sobral Filho, <i>Secretary General, UNFF (TBC)</i>			
19:30 - 21:00		Cocktail	

For background on the Forum topics, ongoing discussions and the latest research, take a look at the Global Landscapes Forum briefs, available for download from

landscapes.org/briefs.

The briefs were developed by scientists from 10 leading research and development organizations. During recent months, the authors collaborated on the Global Landscapes Forum Science Committee and selected the Forum's Civil Society Sessions and Discussion Forums.

Theme 1 The implementation of integrated landscape approaches

Addressing such critical challenges as food security, poverty, climate change, safe water supply and biodiversity conservation requires stakeholders to collaborate across sectors, in what are known as landscape approaches. Integrated landscape approaches have long featured in the scientific literature, but examples of full implementation in practice are scarce. What needs to be done to close the research–practice gap?

Theme 2.1 Forests, agriculture, mountains and land use in the new climate regime: Forests and climate change

The growing demand for food and energy can be met without sacrificing forests and exacerbating climate change – but achieving meaningful emission reductions will require action in all land-use sectors. At the same time, non-carbon goals such as protecting biodiversity and safeguarding community rights are critical. How can a new climate agreement make the connections?

Theme 2.2 Forests, agriculture, mountains and land use in the new climate regime: Resilience, vulnerability and climate-smart agriculture

In climate-smart agriculture (CSA), a set of methodologies for farming systems is tailored to the environment in which they are implemented. This includes the policy, financial and institutional frameworks. But which tools should policy makers apply in a given context?

Theme 3 Landscapes and the green economy

Economic growth does not necessarily demand the loss of natural resources. Supporters of a green economy call for greater investments in technology and urge governments to cut subsidies for high-carbon activities. The landscape approach can help in managing trade-offs by linking social, environmental and economic goals. What are the implications of the shift to a green economy for governments, businesses and forest-dependent people?

Theme 4 Landscapes and the post-2015 development agenda

Forests, agriculture, and other land-use sectors provide the basis for achieving all the proposed Sustainable Development Goals. A landscape approach can help identify policy measures that contribute toward multiple goals, and inform future government and private sector planning. Which targets and indicators can be used to measure landscapes' contribution to sustainable and equitable development?

LAUNCHES

Media and Press Conference Room
(ICA Room)

6 December

12:20–13:00 The World Agroforestry Centre will launch a new book by 86 authors from 44 institutions that highlights a new way by which small-scale farmers and foresters are coping with climate change.

13:00–13:40 Global Forest Watch will release new forest data, including information about controversial industrial plantations developed to produce palm oil and pulp and paper. Three of the world's premiere mapping experts, including the University of Maryland's Matthew Hansen, will participate.

7 December

11:30 Latin American ministers will launch their 20x20 Initiative, a historic new commitment by agriculture and environment ministers across the region to restore and reforest degraded land. Ministers from Ecuador, Peru, Mexico, and Costa Rica, as well as European investors backing the deal, will be available for interviews. Organizers include the World Resources Institute, International Center for Tropical Agriculture (CIAT) and CATIE.

12:50–13:30 The International Network for Bamboo and Rattan (INBAR) will launch a series of new studies about bamboo, which reveal that these massive grasses—prevalent in Peru and across the tropics—offer surprising solutions to the climate change woes hitting poor villages worldwide.

13:30–14:10 Forest Trends will launch the Spanish version of its new report, *Turning over a New Leaf: State of the Forest Carbon Markets 2014*. The recent report highlights the state of the global market for carbon.

Session hosts

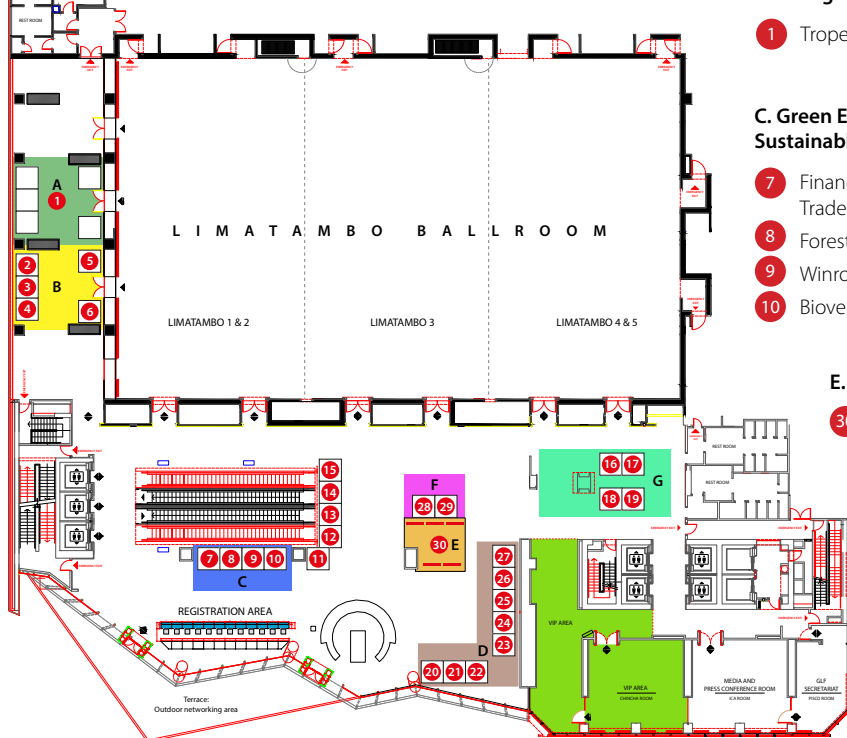

Exhibition hosts

3rd floor

The Westin Lima Hotel & Convention Center

A. Family Farmers in Living Landscapes

- 1 Tropenbos International

C. Green Economy & Sustainable Investments

- 7 Finance Alliance for Sustainable Trade (FAST)
8 Forest Stewardship Council (FSC)
9 Winrock International
10 Bioversity International

E. Gender

- 30 CIFOR, GGCA, ICIMOD, CIAT and CCAFS

B. Food Security, Livelihoods & Poverty Reduction

- 2 WLE
3 FAO
4 MINAGRI
5 AIRCA
6 INBAR

D. Climate Change Mitigation & Adaptation

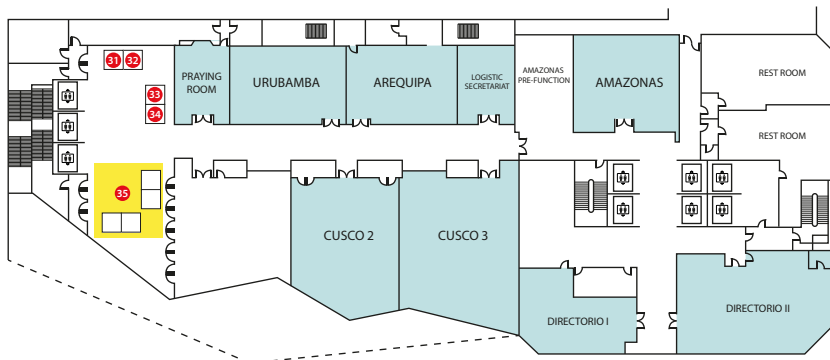

- 20 MINAM
21 Bosques Amazonicos SAC
22 Woods Hole Research Center
23 Fairtrade International
24 SNV Netherlands Development Organisation
25 Forest Carbon, Markets and Communities (FCMC) Program
26 Wetlands International
27 USAID/Colombia BIOREDD+ Program

F. Indigenous Peoples

- 28 Instituto del Bien Común
29 Universidad Nacional de Ucayali, Pucallpa Peru / University of Richmond, Richmond, VA, USA

4th floor

The Westin Lima Hotel & Convention Center

G. Technology & Innovation and Landscapes Laboratory

- 16 International Food Policy Research Institute (IFPRI)
17 Clinton Foundation
18 Sigma Space Corporation
19 BlackBridge

Individual exhibitors

- 11 CIFOR
12 ICRAF
13 IUFRO
14 UNEP
